

Dallas, TX — Great Place to Work® and Fortune magazine have honored CerpasRx as one of the 2022 Best Workplaces in Health Care™. This is CerpasRx's 2nd time being named to this prestigious list, this year coming in at 20th place. Earning a spot means that CerpasRx is one of the best companies to work for in the country.

The Best Workplaces in Health Care award is based on analysis of survey responses from over 161,000 current employees in the health care industry. In that survey, 96% of CerpasRx's employees said CerpasRx is a great place to work. This number is 39% higher than the average U.S. company.

CerpasRx invests in their employees, building a strong work culture that cultivates innovation, success, transformation, and growth. Recent examples of initiatives that demonstrate how CerpasRx puts their employees first include:

COLLABORATION

The CerpasRx Fun Team committee is built on collaboration, hosting quarterly all-inclusive, festive in person and virtual team building events. Additionally, CerpasRx partners with charities, such as Community Partners of Dallas, raising money for children's holiday gifts and essential packages when children go into a fostering program.

ACCOUNTABILITY

CerpasRx recognizes employee performance by providing quarterly and annual monetary awards to employees that demonstrate hard work, cultural interaction, superior levels of performance, and surpassing their daily responsibilities. Investing in the CerpasRx team is one of their top priorities.

PASSION

Passion for their employees is the formula for their success. The CerpasRx leadership team continuously evaluates opportunities to enhance employee benefits, providing employees with a family first environment.

EMPOWERING

CerpasRx empowers their employees personally and professionally by providing enhanced benefits such as free fitness memberships, superior health benefits, 401K match, continued education reimbursement, flexible PTO, etc.

“Our belief is that no company can succeed without creating an environment where employees feel empowered to turn knowledge into action, motivated to achieve better results both personally and professionally, and inspired to make a difference for our clients and members. Beliefs determine our actions. Our employees are the backbone of this organization. How we treat and value our employees impacts everything.” - Eric Yonkus, President, and Chief Operating Officer.
