

BASIC FORMULARY

Preferred Drug List

2026 CerpaxRx powered by LucyRx Basic Formulary

The following list includes some of the most commonly prescribed medications and represents a condensed version of the full drug list (formulary) that supports your prescription benefit plan. This list is not comprehensive and does not guarantee coverage. Whenever appropriate, you are encouraged to ask your doctor about generic alternatives, as they may offer a lower-cost option.

PLEASE NOTE: Brand-name drugs may move to non-formulary status if a generic version becomes available during the year. Additionally, not all medications listed are covered by every prescription benefit plan. Be sure to review your benefit materials for details about which drugs are covered and what your copayments may be. If you have questions about your specific coverage, please contact the CerpassRx Member Services team at **(844) 636-7506** or visit us at www.cerpassrx.com.
